STYLE GROUP 02

Wrap-front and half-zip crop tops

Two fitted training layers with distinct front openings and clean cropped proportions.

01 Wrap-front V neckline

The first style crosses at the front to create a defined V-shaped opening.

02 Asymmetric crop hem

The wrap edge angles across the waist and finishes above the natural waistline.

03 Half-zip mock neck

The second style uses a short centre-front zip and a close stand collar.

04 Extended fitted sleeves

Both silhouettes use close sleeves for yoga, studio and light training programs.

Wrap-front and half-zip reference range

The supplied images cover four commercial shades across the two silhouettes.

Cutout-shoulder and contrast-seam crop tops

Two design-led silhouettes with open shoulder shaping and visible seam construction.

01 Square neckline

The cutout style uses a broad square front opening with narrow inner shoulder straps.

02 Shoulder cutouts

Open sections between the neckline and sleeves define the first silhouette.

03 Curved cropped hem

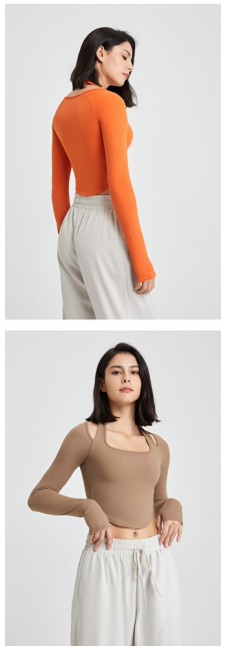

A softly curved front edge adds shape while keeping the body above the waist.

04 Contrast overlock seams

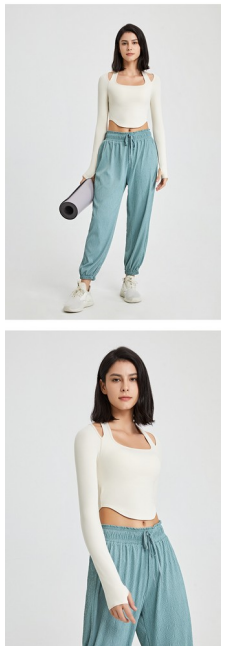

The second style uses visible curved seam lines across the body and sleeves.

Cutout and contrast-seam reference range

The selection combines clean studio neutrals with brighter seasonal colours.
