STYLE DIRECTION 02

# High-neck panelled crop tanks

Three fitted tops use high coverage and shaped seam placement in different proportions.

01 **High round neckline**

The front opening sits close to the collarbone for broad coverage.

02 **Sculpted panel seams**

Curved and diagonal seams define the chest and side body.

03 **Racerback shaping**

The shoulder line narrows toward the back for freer arm movement.

04 **Longline crop body**

The hem extends below the bust while remaining above the natural waist.

# Four high-neck panel directions

The supplied styles cover green, navy, rose and plum.

NAVY SCULPTED CROP

ROSE PERFORMANCE CROP

PLUM PERFORMANCE CROP

# Square-neck and one-shoulder crop tops

Two fashion-led necklines provide clean alternatives to high-coverage training tanks.

**01 Square front opening**

Wide shoulder straps frame a straight, open neckline.

**02 One-shoulder option**

The asymmetric style leaves one shoulder open for a distinct silhouette.

**03 Shoulder cutout**

A narrow opening adds detail to the back of the one-shoulder style.

**04 Clean cropped hem**

Both tops finish with a simple straight lower edge.

# Four fashion neckline directions

The references combine square-neck and one-shoulder options across four colours.
