STYLE DIRECTION 02

Seamless ribbed high-neck crop tank

A broad-coverage crop tank with engineered rib zones and a stable lower band.

01 High round neckline

The neckline sits close to the collarbone for broad front coverage.

02 Engineered rib surface

Vertical rib zones create texture and visual shaping without external seams.

03 Ventilation knit zone

A perforated knit section across the upper front adds a technical surface detail.

04 Wide lower band

The deeper ribbed hem forms a clean base for the cropped silhouette.

Five colours for the high-neck crop tank

The supplied references cover core neutrals, earth tones and active brights.

Crossover-back ribbed crop tank

A scoop-neck ribbed crop top with a distinctive asymmetric open back.

01 Scoop front neckline

The rounded front opening creates a simple studio-ready silhouette.

02 Ribbed knit surface

The body uses a close vertical rib texture across the front and back.

03 Asymmetric crossover back

Overlapping back panels create an angled opening and a recognisable rear view.

04 Wide underband

A deeper ribbed lower edge gives the crop top a stable visual base.

Three directions for the crossover-back tank

Use the supplied black, lime and red references to establish the buyer palette.
