STYLE DIRECTION 02

Halter and cutout crossback bra tops

Two longline silhouettes compare an open halter back with layered cross straps.

01 Open halter back

The halter direction keeps the upper back exposed with a broad neck strap.

02 Longline underband

Both styles extend below the bust for a taller, fitted body.

03 Layered cross straps

The crossback option combines wide shoulder straps with a lower cutout.

04 Clean scoop front

A rounded front opening supports a simple private-label logo position.

Four halter and crossback directions

The supplied range includes white, coral, mint and black.

BLACK CROSSBACK

Adjustable and multi-strap sports bras

Back adjustment and fine crossed straps provide two support and styling routes.

01 Adjustable back buckle

The buckle style provides a multi-position lower band closure.

02 Crossed shoulder straps

Wide straps cross through the back to distribute support.

03 Multi-strap layout

The second style uses fine straps to create a lighter open-back look.

04 Longline body

Both silhouettes extend below the bust for added torso coverage.

Four adjustable and multi-strap colours

The references cover mint, black, powder blue and lavender.
